

Finally something all of Europe can agree on:
Great tasting gluten-free.

Life tastes better with Schär.

Here at Schär we use original recipes and authentic ingredients to create food so tasty your friends won't know it's gluten-free. We want you to have the food you love, just how you remember it and that's exactly what you get from Schär.

Take our Bontá D'Italia Margherita pizza - made passionately in Italy using only the best Italian ingredients and stonebaked, just like they do in Naples. Buon Appetito!
